

MISL COVID-19 Web Notice

June 19, 2020

Greetings Masonry Institute of St. Louis Friends and Supporters,

Due to COVID-19, the Masonry Institute of St. Louis (MISL) had to postpone its three in-person seminars scheduled for April 2020. MISL was able to reschedule two of the seminars as webinars, which were held during the month of May. The first, 2018 Masonry Special Inspections, had 55 attendees and the second, Masonry Project Tips: Design & Detailing, had 75 attendees. We appreciate those who attended the webinars, the sponsors who continued their support for the presentations, and everyone's patience as MISL worked through establishing its on-line webinar capabilities.

We are currently planning MISL's educational offerings for 2020-21 and we hope to have a completed schedule available in early September. Since it is unclear what the status of COVID-19 will be, the upcoming Fall educational offerings will likely need to be webinars, with in-person seminars hopefully resuming in early 2021. Once completed, MISL's 2020-21 education schedule will be distributed by email and made available on the MISL website. The 2020-21 schedule will also be included in a new MISL annual publication that will debut in early September 2020.

In the meantime, the MISL staff remains available to assist you with masonry technical support via telephone, email, or through arranged virtual meetings.

Phone: 314-645-5888
